EPA MNT Gold King Internal Review Attachments A-F Aug 24 2015r.pdf

The attachment I have provided was not included in your note. It is important to include and I recommend you add it to what was sent to the Regions and the OIG.

This was NOT on Shahid's note this morning but was one of three attachments that Shahid originally provided on Monday and Tuesday. I think Shahid did not include the third document on this morning's e-mail because they did not add a date to that third document. Sorry for the confusion.

Unless I hear otherwise, I will send all of the documents you sent plus this one to DOI/BOR at 12 noon.

Sorry, and Thanks – Dana
